### Post Medical First Responder (MFRS100)

Upon successful completion of your MFRS course, you can take an alternative pathway into the EMR Certificate Program. You must take the following courses ITMS100, EMRE160, OHSC160 and Fitness Component (MFRS160). Once these items are completed, you have met the prerequisites and you can take the EMRE300. To qualify for your Emergency Medical Responder Certificate, you must complete the above courses and provide proof that you have successfully completed a 40-hour Alberta Paramedic Driver Operator Course (EMRE400), or similarly approved program.
