

Minimum Technology Requirements

All JR Shaw School of Business students are required to possess a computing device, either a desktop or laptop, that will meet the minimum technology requirements. This will enable you to engage in our digital learning environment and to participate in online assessments. In addition to the minimum technology requirements, your computing device must also support both audio and video streaming technologies and, as a result, must include hardware (either internal or external) such as a microphone and webcam. A broadband (high speed) internet connection is also required.

Your computing device must meet the following minimum technology requirements:

Windows:

- Windows 10
- Processor: Intel i Series 4th Gen or Better or AMD Ryzen Series
- Memory: 4 GB RAM minimum, 8 GB RAM recommended
- Solid State Drive recommended or Hard Drive (minimum free space 15 GB)
- Display resolution: 1366 x 768 minimum, 1920 x 1080 recommended
- Wi-Fi connection: Wireless N, AC or better
- Antivirus Protection: Windows Defender and Windows Firewall are recommended to protect your device and are pre-installed on your Windows computer

Apple:

- Mac Hardware Requirements:
 - MacBook (Late 2009 or newer)
 - MacBook Pro (Mid 2010 or newer)
 - MacBook Air (Late 2010 or newer)
- MacOS High Sierra (10.13) or later
- Memory: 4 GB RAM minimum, 8 GB recommended
- Solid State Drive recommended or Hard Drive (minimum free space 15 GB)
- Antivirus Protection: No additional software is needed. Built-in firewall and security software available in System Preferences

Note: while tablets can support your learning, they are not recommended as a main device.
