The Digital Media and IT (DMIT) program is multi-disciplinary in its approach. Spanning a range of career opportunities from business analyst to visual designer, this innovative program allows you the ability to meet industry demand while developing skills aligned with your individual talents and inclinations.

One of the most powerful marketing tools a business can have is a well-designed and highly functional web presence. The Web Design and Development area of emphasis will teach you the most current web design techniques and best practices for web development and search marketing.

From brochure-style products and service websites to custom web applications, this area of emphasis will arm you with the design, business and technical skills you'll need to build customized web solutions for organizations and individuals.

ABOUT THE PROGRAM:

NAIT offers 6 levels of ESL instruction, from high beginner (levels 1, 2 and 3) to high intermediate (levels 4, 5 and 6). Students will write a placement test to determine their start level.

Each level teaches speaking and listening, reading and vocabulary, writing and grammar, preparation for academic study at NAIT, and practical skills for studying and living in Canada.

Classes are small, only 15-20 students, focusing on applied learning, group work and hands-on activities.

1 level = 15 weeks (or 1 semester)

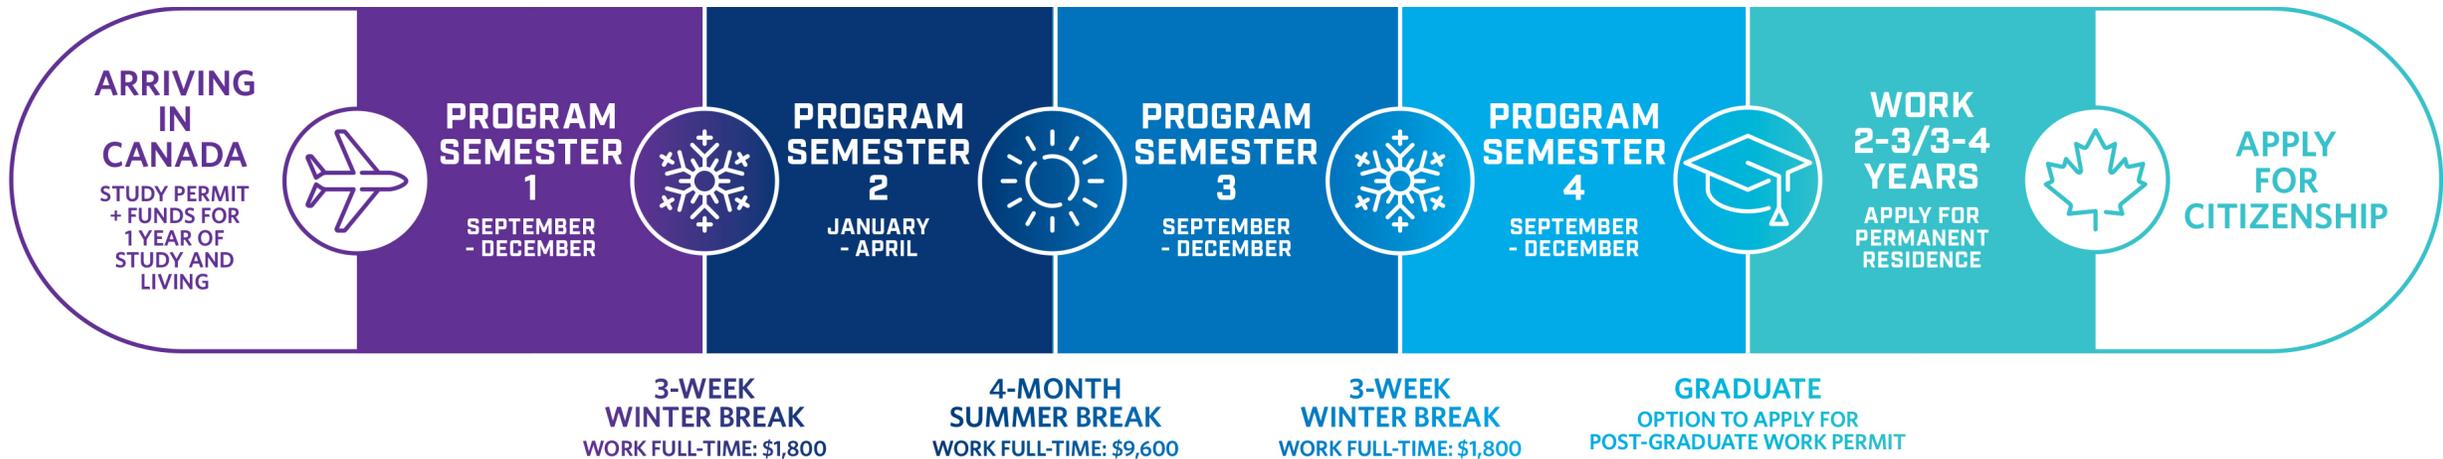

\$4,631.33/level (or 1 full-time semester)
*cost subject to change

WHERE IT CAN TAKE YOU:

Once you complete Level 6, you can apply to most programs at NAIT!

START IN SEPTEMBER, JANUARY OR MAY!
Applicants who meet NAIT's academic entrance requirements, and complete ESL Level 5 with a minimum grade of 60% can get provisional admission into our Business Administration diploma program. Conditions apply.
