## Program Availability

Check if degree, diploma and certificate programs are open and accepting applicants

[Search all programs >](#)

For other programs such as apprenticeship training, Continuing Education and Open Studies, please refer to individual program pages for availability information.

### Legend

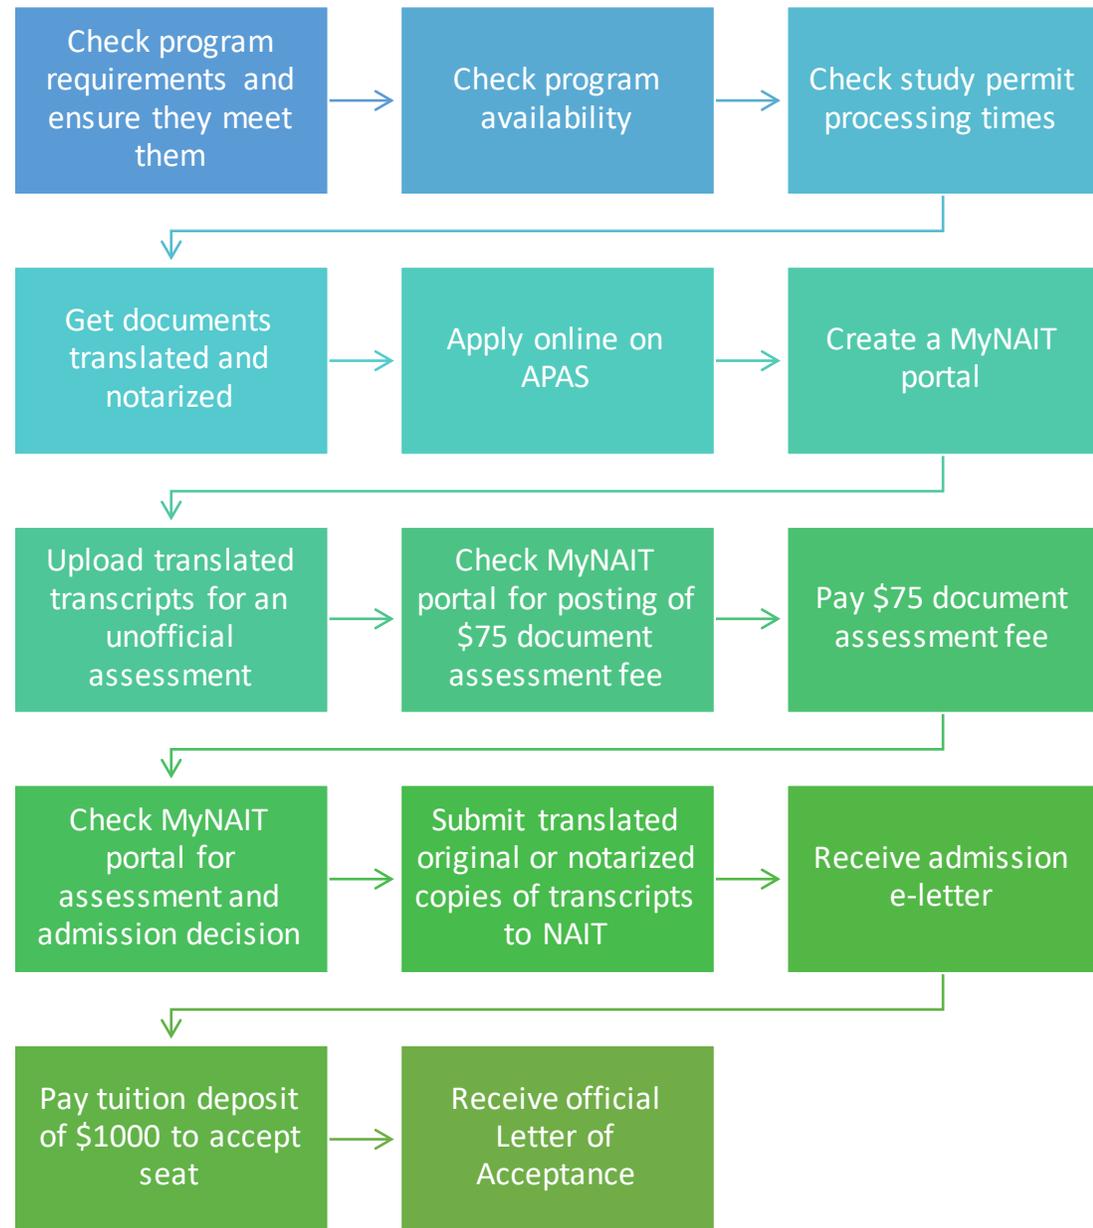

Term	Definition
Open	Program still has seats available.
Waitlisting	Program is full and qualified applicants are being placed on a waitlist. For information about waitlists, please visit the <a href="#">Waitlist FAQs</a> .  If you're on a non-competitive waitlist, you should consider NAIT's <a href="#">Academic Upgrading</a> program or NAIT <a href="#">Equivalency Tests</a> to become a more competitive applicant.  There is no guarantee that waitlisted applicants will be offered a seat, however it is common for seats to become available until the start of class. As seats become available, they are filled from the waitlist.
Closed	Program is no longer accepting applications.
N/A	Not available for this term.

\*Program availability is subject to change without notice.
