Dr. Paula Burns  
Associate Vice President Academic Affairs  
Northern Alberta Institute of Technology (NAIT)  
11762 - 106 Street NW  
Edmonton, AB. T5G 2R1

Dear Dr. Burns

**RE: NAIT Bachelor of Technology (BTech)**

It was with pleasure that I reviewed the program proposal for your Bachelor of Technology program, including the Health Sciences focus. This innovative and rigorous program, which has been approved by the Campus Alberta Quality Council, promises to prepare graduates to meet the current as well as future technology management needs in a variety of health care settings.

Upon successful completion of this program, graduates will be eligible for admission to the Master of Health Studies (MHS) program offered by Athabasca University provided that they also meet other stated admission requirements (e.g., grade point average, professional work experience).

I wish you and your faculty well as you work toward implementing this exciting initiative. Best wishes!

Sincerely,

Pamela Hawranik, RN, PhD  
Dean, Faculty of Graduate Studies

cc: Ellen Hughes, Dean, School of Health Sciences
