Find the Entrance Requirements for a NAIT Credit (degree, diploma or certificate) Program
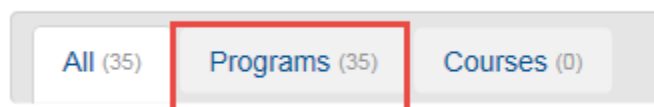

1. Visit www.nait.ca

Click **PROGRAMS & COURSES**

The website will display each group of programs. Click the group that you are searching for.

Example:

2. Click
   - A list of all the programs within that group will appear.

3. Select the program.
   - Example: Biomedical Engineering. An overview of the program will appear.

4. Click "About the Program" on the left menu:

5. Scroll down the page until you see the "Entrance Requirements" section.
    - Review the Academic, Competitive and Non-Academic requirements:

6. * Inform your student that in order to know if they meet the exact entrance requirements, they will need to apply to NAIT, pay the foreign document assessment fee and have their transcripts assessed to find their Canadian equivalency.

7. Review the student's transcripts with them to see if they have the classes that are required in

Entrance Requirements
Academic Requirements

the Academic Requirements section

- If the student does not have the classes on their high school transcript, please encourage them to provide you with their post-secondary transcripts (if they have one).
- If the student has post-secondary education, NAIT may consider their classes in lieu of high school classes.

8. Encourage the student to apply to NAIT online. Follow the process in the section of the AR website:
