This is to confirm that graduates of the Bachelor of Technology in Technology Management from the Northern Alberta Institute of Technology will be considered for admission to the Management of Technology MBA program at Simon Fraser University. In addition, applicants to the Management of Technology MBA at Simon Fraser University must also have completed a minimum of two years relevant work experience, and have a GMAT score of at least 550.

We look forward to your students' participation in our MBA program. Students can learn more about our program by visiting our website
