

## CONTINUING STUDENT ANNUAL TUITION LIMIT

For students who started their program of study **before July 1, 2021** and are still enrolled in their program, tuition fees will be limited to an overall 10% increase as identified in the Annual Tuition Limit column below.

**Note:** the Annual Tuition Limit applies the tuition fees for courses in a normal, standard length, full-load schedule. The limit does not apply courses beyond the standard length to complete the program or additional courses. For example, if students choose to take additional courses in Spring and Summer terms, these tuition fees are not included in the limit.
