Module Updates for the 2020/21 ILM Development Cycle

- **Maintenance Comments** – Comments from the ILM website Comments page have been addressed. For more information on which specific comments were addressed, please review the Comment statuses on the [Comments page](#).
 - Please note: some of the comments addressed are deferred maintenance comments from the TradeSecrets Comments board (no longer in use). These comments may not appear on the ILM website Comments page.
- **Images and Graphics** – Some images and graphics within the module have been updated to fix errors, improve image quality and/or replace images/graphics that were no longer available for use.
- **Course Outline Updates** – Module has been updated to reflect changes from an updated/revised Course Outline.

Period	Module Number(s)	New Version ¹	Maintenance Comments	Images and Graphics	Course Outline Updates
1	080104c	22.0		✓	
	080105bA	22.0		✓	
	080105bB	22.0		✓	
	080105cE	22.0		✓	
2	080203eC	22.0		✓	
	080203hB	22.0		✓	
	080206b	22.0		✓	
	080206c	22.0		✓	
3	080302bA	22.0		✓	
	080303bB	22.0		✓	
	080304bA	22.0		✓	
	080304d	22.0		✓	
	080306aB	22.0		✓	
	080307b	22.0		✓	
	080307c	22.0		✓	
	080308cA	22.0		✓	

¹ ILMs are updated on a module-by-module basis. This means that not all modules in a Period are updated within the same cycle, and a combination of different version numbers within a Period is normal. The most current, published version of each module will always be the version that is posted on the [Order Modules](#) page of the ILM website.
