

Reduced Credit Load – Disability Grant Funded Students

Students that have been **approved** for disability grant funding may take a reduced credit load, which is equivalent to 40% of a full course load per term.

If you have been approved to take a reduced credit load, please refer to the following minimum number of credits required for your program to be considered a full-time student at NAIT.

Please contact a [Learning Advisor](#) if you have questions about disability grant funding or your eligibility.

**credit loads may be subject to change;*
