

WE ARE HIRING!

JOIN OUR TEAM!

JUNIOR MATERIALS TESTING TECHNICIAN

SolidEarth Geotechnical Inc. has been providing exceptional geotechnical, environmental, and materials engineering consulting and testing services for almost a decade. We are a trusted supplier of services to local, provincial, and federal governments, major oil and gas companies, civil consultants, and large contractors. We are currently looking for an Junior Materials Testing Technician to join our team in our Cold Lake, Lloydminster, and Edmonton locations.

KEY RESPONSIBILITIES:

- Working safely in accordance with company and project health and safety programs
- Working professionally in accordance with CCIL, ASTM, and industry standards
- Communicating effectively within a laboratory/field team environment
- Calibrating, maintaining, and repairing testing equipment
- Conducting construction inspections, proof-roll testing, pile installation monitoring, and QA/QC testing for various infrastructure, transportation, and oilfield projects
- Conducting field compaction testing of soils
- Conducting field concrete testing as per CCIL/CSA requirements
- Performing laboratory testing on soil, aggregate, concrete, and asphalt
- Communicating (verbally and in writing) results and observations to clients, contractors, and project engineers
- Working on local and remote construction sites
- Flexible schedule, with the ability to work overtime and/or weekends, as required
