

## Digital Design Laptop Requirement

All Digital Design students are required to purchase a laptop to complete assignments in and out of the classroom. Failure to meet the minimum requirements will prevent students from completing coursework successfully, which is necessary for earning a diploma.

**Note: The laptop is required ON THE VERY FIRST DAY OF CLASSES in every semester.**

For specific program-related questions please contact [digitaldesign@nait.ca](mailto:digitaldesign@nait.ca). For all technical questions, please visit [nait.ca/ITS](http://nait.ca/ITS).

Digital Design - Laptop Requirement:	
Operating System	Windows 11 64-bit (No S Version) or newer. OSX Monterey or greater
Processor	Intel 8th gen or newer, Core i7 or greater. Apple M1 or greater
RAM	16GB or more
Hard Drive	512GB or larger SSD (1TB Recommended)
Graphics	Discrete graphics card is required. GeForce RTX 2060 or AMD RX 5700 or greater. Refer to the <a href="#">Premiere Pro</a> website for a detailed list of recommended systems and graphics cards.
Display	1920 x 1080 or greater screen resolution
Network	Wi-Fi 5 (802.11ac) or Wi-Fi 6 (802.11ax)
Camera	720p webcam or greater with a microphone
Other Hardware Notes	ASIO compatible or Microsoft Windows Driver Model soundcard

### Additional Requirements:

- Method for Backup Storage of Files – 500GB or larger USB external hard drive or cloud storage such as OneDrive. Microsoft Office 365 and OneDrive (with 1TB of space) is free for all currently enrolled NAIT students.

### Notes from our Tech Department:

- Please use only SSD or M.2 storage technology for your boot/primary device, as using a different storage technology will diminish the performance of your laptop.
- Windows Defender is the recommended anti-virus software. Installing some 3<sup>rd</sup> party anti-virus and anti-malware packages might interfere with some of the applications you use for our program.

### Software Requirements:

- Software requirements will be discussed in class.

### Please be aware that:

- Students are responsible for the maintenance, service, and repair of their laptop(s).
- NAIT takes no responsibility for hardware or software compliance.

### **Which brand or manufacturer of laptops would you recommend?**

*Over the years, students have purchased many different brands, and there seems to be no noticeable difference in reliability. Manufacturers use the same hardware, so if the brand you purchased meets the minimum specifications, it should be sufficient.*

### **How much should I spend?**

*Budget \$1,500 to \$3,500 for the purchase of your laptop. The price will vary depending on the brand and hardware options.*
