

OFFICE OF THE PRESIDENT AND CEO

June 2026

To the Class of 2026—congratulations. Today we celebrate your achievement. You should be proud of how far you have come, and the growth and determination it took to reach this moment.

Throughout your journey, you have learned how to solve problems, collaborate with others, adapt to change, and apply your skills in real-world environments. These are qualities that define NAIT graduates. Just as importantly, you have done so within a community that has supported, challenged, and encouraged you every step of the way.

As you move forward, I encourage you to carry with you the values that have shaped your experience at NAIT: Respect, Creativity, Collaboration, Accountability, and Celebration. These values strengthen communities and workplaces, especially in times of change. Let them continue to guide how you lead, work, and show up in the world.

Today, you also become part of a global NAIT alumni community more than 230,000 strong. Wherever your path leads, you remain connected to this place and the people who helped you reach this moment. You are part of NAIT's story now.

On behalf of the NAIT community, congratulations Class of 2026!

Laura Jo Gunter
President and CEO
Northern Alberta Institute of Technology
